Protein	Min	130	g/kg
Moisture	Max	120	g/kg
Fibre	Max	90	g/kg
Fat	Min/Max	25/80	g/kg
Calcium	Min/Max	8/15	g/kg
Phosphorus	Min	6	g/kg

INGREDIENT STATEMENT:

This animal feed contains: Grain and grain by-products, animal protein products, plant protein products, roughages and agro-industrial by-products, sugar cane by-products, oils and fats, amino acids, vitamins and minerals, antioxidants, binders, acidity regulators, flavouring agents, aroma enhancing agents, compounds of trace elements, digestibility enhancers and gut flora stabilizers. This product contains genetically modified ingredients.

NOTE:

This farm feed is available with or without registered stock remedies. See bag tag for details and feed strictly according to given instructions below.

FEEDING RECOMMENDATIONS:

Feed to dairy replacement heifers grazing on cultivated pastures high in soluble protein, from 5-6 months of age to breeding, at a rate of 3-4 kg/heifer/day. The quantity of compound feed can be adjusted up or down to achieve specific weight and skeletal growth targets. Consult an animal nutritionist for more detailed/customized advice.

For more detailed feeding recommendations contact an Epol Technical Advisor.
